A Note from Senor Pascale:

- 1- Students are to return with their previous year's folder, as it contains all the printed pages and worksheets needed to continue. Spanish is a progressive learning subject, and everything builds upon what was previously learned. As we do not have textbooks, these worksheets are necessary, as they serve as the textbook and are often referred to as we continue our journey of learning Spanish.**
- 2- All students in K through 8th need a folder for Spanish. Students in grades 1st through 8th may place all their worksheets in a new folder if they choose to do so.**
